MeetUp

Each of our monthly user groups brings people together to explore and learn about technology. We provide a platform for people to get involved, exercise new skills make new friends and build a support system.

Attend a GemCity TECH event to:

- Deepen your knowledge in:
 - a technology or
 - a discipline
- Grow your skills in an area
- Diversify your skills
- Expand your network of tech. professionals!
- Find like minded people to collaborate
- Share your knowledge
 - Speak at an event
- Be a part of a tech community

Groups:

Code 4 Dayton, Software Engineer, New To Tech, Cognitive Think Tank, Dynamic Languages Group, Gem City Game Developers and GemCity Machine Learning.

Our Mission:

Grow the Dayton's tech industry and community by providing a centralized destination for training, workshops and collaborating. We are the destination for those who are passionate about a wide range of technology topics.

Location:

Downtown Dayton at the Archade / Innovation Hub. More information can be found on MeetUp.
